

## ***This Month's Silver Apple Award Goes To...***

This April we are proud to award ***Katherine Disabito*** with the *Whitsons Nutrition Silver Apple Award* for outstanding work! Katherine has gone above and beyond when it comes to filling in where needed.

Katherine works at the Longmeadow High School kitchen. When we have been short staffed, she has risen to the occasion and subbed in all of the other schools.

This is not an easy feat. When subbing she leaves the

comfort of her familiar routine and readjusts to the schedule, methods, team members, and students of the other five schools. She has come to the rescue many times to ensure that the students are able to purchase their school lunch.

I am so grateful to have Katherine as part of our Whitsons school lunch team here at Longmeadow!
